30-Hour Low Pressure Boiler Course

Description: Generally speaking, jobs that require higher levels of education, licenses and skill pay higher wages, which places added emphasis on the individual's proficiency, diversity of skill and grade of licensure. This class provides practical information on the operation, troubleshooting and maintenance of low pressure boilers and will include information on Minnesota boilers laws that will help you to upgrade all low pressure classifications/licenses.

- Minnesota Boiler Statutes and Boiler Rules
- Boiler Operation Principles
- Feedwater System
- Fuel System
- Boiler Water Treatment
- Hot Water Heating Systems
- Minnesota Licensing
- Boiler Fittings
- Steam System
- Draft System
- Boiler Operation Procedure
- Boiler Operation Safety

ABOUT THE INSTRUCTORS: **Dave Jungmann** is a 34 year member of Local 70 and a 34 year employee of North St. Paul ISD #622, as an HVAC Technician and part of the Districts Central Maintenance team that is responsible for 21 commercial sites. He holds a Chief C license since 1992, an EPA 608 Certification in medium and High temperature disciplines. Dave is also on the Executive Board for Local 70.

Ken Wieken is a 35 year member of Local 70. License and certificates include a Chief C Boiler License since 1998, HAZWOPER Instructor, OSHA General Industry, Industrial Hygiene, Confine Spaces and Electrical Standards. Ken is also on the Executive Board and Vice President for Local 70.

Dates/ Times: This class will be held five (5) Saturdays from 8:00 a.m. to 2:00 p.m. on the following dates: **January 11th, 18th, 25th, / February 1st, and 8th, 2020.**

Location: Classes will be held at North St. Paul High School ISD #622, District Education Center (East Parking Lot), 2520 East 12th, North St. Paul, MN. 55109. (Meet in the main entrance)

Cost: Tuition for the class is \$350.00 for International Union of Operating Engineers members and \$450.00 for nonmembers. (Cost of educational materials included in price of tuition)

How to Register: To register for the class, please fill out the registration form (which can be found on the website) and mail along with payment to the Local 70 office. You will not be registered for the class until payment and form is received. Tuition Reimbursement: Check with your employer for possible tuition reimbursement.

Questions for the State Boiler Inspector can be answered online at <http://www.dli.mn.gov/CCLD/Boiler.asp> Or by calling (651)-284- 5544

Education is the Key to a Sustainable Future

64 Hour Refrigeration Course

Description: The Bureau of Labor Statistics projects that 65.6% of HVACR service personnel in the industry in the year 2020 will be people not in the industry today. It is fact that the better an operating engineer's skill, the better his or her chances of securing and maintaining a job. It's also a fact that in today's job market that jobs are hard to come by, which places added emphasis on the individual's proficiency, diversity of skill and grade of licensure. This class provides hands on training of the refrigeration system operation, troubleshooting and maintenance of residential and commercial refrigeration systems, ice machines and air conditioning units and will include at the completion an opportunity to accrue a CFC certificate.

- Brief System Theory
- Systems and System Types
- Tools and Equipment
- System Evacuation
- System Charging
- Compressors
- Electrical Troubleshooting Control Circuits
- Refrigeration and Refrigerants
- General Safety Practices
- Soldering Practices
- Refrigerant Recovery
- Evaporators and Condensers
- Expansion Devices
- Ice Machine/Trouble Shooting & Maintenance

About the Instructor: Scott Marsyla is a graduate of Dunwoody College of Technology. He has an Associate's degree in Residential and Commercial HVAC/R and has 13 years of field experience. Licenses and certificates include Chief C Boiler's license, Universal CFC Certification, 401A Certification, Authorized OSHA Instructor and is a Hazwoper Instructor.

Dates and Times: This class will be held eight (8) Saturdays from 7:30 a.m. to 4:00 p.m. on the following dates **February 8th, 15th, 22nd, 29th, /March 7th, 14th, 21st, 28th, 2020.**

Location: Classes will be held at the Local 70 office, located at: 2722 County Road D East in White Bear Lake, Minnesota 55110 (one block North of Hwy 694).

Cost: Tuition for the class is **\$590.00** for International Union of Operating Engineers members and **\$790.00** for non-members. (Cost of educational materials included in price of tuition) **An additional fee of \$100.00 is required for a student who wants to test for the CFC Certification and must be paid by the 4th week of the class.**

How to Register: To register for the class, please fill out the registration form and mail along with payment to the Local 70 office. You will not be registered for the class until payment and form is received. When registering - In order to provide this training, Local 70 **MUST** receive payment (**Check or Money Order Only**) from each student or their employer prior to **February 4, 2020. Cancellations will not be accepted after February 4, 2020.** Receipt for payment will be mailed. Please call Betty at 651-289-2972 with any questions you may have regarding registration or payment.

Tuition Reimbursement: Check with your employer for possible tuition reimbursement.
